Awards:

As you find more and more ColdCaches, you can earn more and more patches as part of the ColdCache awards program.

Level I: Snowflake *A water crystal that forms in the atmosphere and falls to the earth.*

- Visit and log 3 ColdCache sites representing at least 2 different feature types.

Level II: Blizzard *A long, severe snowstorm with intensely cold wind and fine snow.*

- Visit and log 7 ColdCache sites representing at least 5 different feature types.

Level III: Firn *Partially consolidated snow that has passed through one summer melt season, but is not yet glacial ice.*

- Visit and log 12 ColdCache sites representing at least 9 different feature types.

Level IV: Ice Sheet *A broad, thick sheet of ice covering an extensive area for a long period of time.*

- Visit and log 18 ColdCache sites representing at least 14 different feature types.

Level V: Glacier *An extended mass of ice, formed from snow falling and accumulating over years, that flows over a land mass.*

- Visit and log 25 ColdCache sites representing at least 20 different feature types.

Registering for the Awards Program:

The registration fee for the program is \$5 per level or \$20 for all five levels. To register, send in a copy of your awards program log along with a check (payable to the Ice Age Trail Alliance) to:
