

## Release and Indemnification Agreement

The person named on this registration form wishes to participate in the Hiking Award Program sponsored by the Dane County Chapter of the Ice Age Trail Alliance, Inc. The Alliance and its officers and directors and the Program sponsors, volunteers, and chapter officers and members (collectively, the "Alliance") wish to ensure to the fullest extent possible that they are not sued or held liable for injuries or damages sustained by participants or those participating in the Program. I make this release and agreement on my behalf of anyone else who would be able to sue if I were injured while participating in the Program.

I agree and acknowledge as follows (1) Participation carries with it some risk of serious injury. The risks include but are not limited to those caused by over-exertion, vehicular traffic, the weather, facilities, equipment, the Alliance and other participants; (2) I assume all risk of participating in the Program; (3) I understand the Alliance is relying upon the agreements and representations I make on this form; (4) I release the Alliance from any and all claims, including negligence claims and claims relating to personal injury of property arising out of my participation in the Program except I do not release reckless or intentional tort claims; (5) I agree to indemnify the Alliance if I or anyone else brings a claim against the Alliance for injuries I receive due to my participating in the Program. ("Indemnify" means to reimburse the Alliance for any amounts they have to pay and expenses/fees they incur due to an injury claim relating to me); (6) I have read this document and understand it.

If I am under age 18, my parent or guardian is signing on my behalf, and my parent or guardian also agrees to indemnify the Alliance if I, or anyone else, brings a claim against the Alliance due to injuries I receive due to my participating in the Program. With knowledge of the risks involved and the rights I give up, I waive the rights I might otherwise have and I freely sign this document.

## Highlights of the Dane County segments

Travelling along the edge of a marsh, a lowland prairie and over limestone ridges shaped by the Green Bay Lobe in the Lodi Marsh Wildlife Area, your trek through Dane County from the north begins in the middle of the Eastern Lodi Marsh Segment that is highlighted by "Dave's View" and the loop trail that makes up the Lodi Marsh Segment.

Circling around a former farmstead that still includes a building from the 1870s, Springfield Hill is the newest certified segment of trail in Dane County.

The IAT winds around Indian Lake, formed by melting glaciers, before heading into the Driftless Area and the Table Bluff Segment which traverses steep rocky slopes and restored prairies. The southernmost bluff provides a view of Blue Mounds that is a landmark along numerous high points of the IAT in Dane County.

The Cross Plains Segment goes over a dolomite ridge before travelling past the IATA headquarters. You'll return to hiking along the terminal moraine and prairie / oak savannah restorations on the Valley View Segment.

The trail resumes on the Madison Segment, going through University Ridge golf course and a mix of woods and neighborhoods until connecting with the Verona Segment. You'll continue through the Ice Age Junction Area and its restored prairies, Badger Prairie County Park and ending in Prairie Moraine County Park. Along the way, you will have scenic views of the Sugar River Valley and ravines cut through the Johnstown Moraine by glacial meltwater.

The views of the Sugar River Valley continue as you climb and descend two plateaus on the Montrose Segment. The Brooklyn Wildlife Segment is the southern end of Dane County and takes you through the glacial outwash/sand prairie and the bedrock hills in the Brooklyn State Wildlife Area.

For additional details, check out the Ice Age Trail Companion Guide at [www.iceagetrail.org/store](http://www.iceagetrail.org/store).

## A Hiking Award Program in Dane County

### Segments:

Eastern Lodi Marsh  
Lodi Marsh  
Springfield Hill  
Indian Lake  
Table Bluff  
Cross Plains  
Valley View  
Madison  
Verona  
Montrose  
Brooklyn Wildlife

**The Ice Age Trail Alliance (IATA) is a volunteer and member based organization that builds, maintains and promotes the Ice Age Trail. Your registration fee goes to the IATA's Dane County Chapter, a group of volunteers who maintain the Trail through Dane County.**

For more information, visit: [www.iceagetrail.org](http://www.iceagetrail.org)

Sign up for Dane Drifters, the hiking program that rewards you for hiking the Dane County segments of the Ice Age National Scenic Trail. Challenge yourself to walk all 35.5 miles of Ice Age Trail (IAT) in Dane County and **optional** 30 miles of connecting routes. As incentive, the Dane County Chapter of the Ice Age Trail Alliance has developed a program that records your progress and rewards your completion.

Here's what you get:

- Maps and segment descriptions
- Recognition patch and a Certificate of Achievement.

How the program works:

1. Complete the registration and waiver portions of this form, remove it from the brochure, and send it with your registration fee to the address shown. Retain the hiking log.

2. Record the dates that you hike each segment and mail completed log to the address shown. **Remember, connecting routes are optional.**

3. The Dane County Chapter will record your name in the **Dane Drifters** register and send you a Certificate of Achievement and an embroidered patch.
