Ben's family has been involved with the IATA through trailbuilding, land stewardship, and volunteer service, and he is looking forward to the opportunity to continue that commitment. Ben also brings a variety of non-profit experience, including co-founding and chairing a 501(c)(3) organization focused on economic development through outdoor recreation.

### *Current directors recommended for election*

**Patty Dreier** (Stevens Point, WI; Region 3) has professional experience across all sectors. She has served at local, state, national, and international levels of government including eight years in elected office as Portage County Executive, where she was an advocate for parks, trails, and water resources. In addition to hiking, Bob enjoys trail running, skiing and boating.
