

Course Name	Course Description
Signage 101	Learn the bread and butter of Trail signage: How to site blazes, best practices for painting blazes, and how to maintain signage and signage sight lines.
Signage 201 "Thinking Beyond the Blaze"	There is more to signing the Ice Age Trail than the iconic yellow blaze. Dive deeper into the palette and vocabulary of the broad array of trail signage elements available and learn how to speak to first-time trail users.
Tread 101	Learn sidehill tread construction including basic terminology, safe tool use, and the foundational concepts of sustainable trailbuilding.
Stonework 101	Learn why stone is the sustainable material of choice for steps and retaining walls, why three points of contact is important, what one over two means, how to safely move a stone and the tools to do these things with.
Rigging 101	Need to move a heavy object, pull a stump, or raise a bridge to repair it? Rigging and mechanical advantage can be a useful tool to accomplish a variety of heavy-duty lifting activities. Learn the basics of rigging and mechanical advantage to help maximize your leverage.
First Aid/CPR/AED	Need to recertify? Looking to become certified? Learn what you need to know and what to do if and when injuries happen.
Chainsaw Safety	Using a chainsaw is inherently dangerous. Re-up, or attain safety certification, to keep you - and those around you - safe. Application required.
Trail Layout & Design 101	Ever wonder why the Trail is here instead of there? Learn basic concepts like control points, the one over three rule, how to use a clinometer, and more.
Trail Maintenance & Stewardship 101 Best practices for maintaining your section of trail	Learn helpful tips and practices for sustainable trail maintenance and stewardship including de-berming, proper pruning techniques, the art of mowing, and more.
Trail Maintenance & Stewardship 201	This hands-on course broadens commonly understood notions of what trail maintenance is to include vegetative management, viewshed, and safe herbicide use considerations.
Regional Trail Construction Day	Join volunteers from the around the region to help construct new trail on this soon-to-be signature section of the Ice Age National Scenic Trail.
