

FAMILY FRIENDLY

There are countless stops hikers can make along the thousand-mile Ice Age National Scenic Trail. Ice Age Trail Alliance supporters have created a set of itineraries taking in the best spots for relaxation, education and enjoyment in all four seasons.

Some itineraries take place in state parks, and will require a state park sticker to park. Along the Trail, shuttles back to your vehicle may be arranged through the local Ice Age Trail Alliance chapter.

Prior to using the Ice Age Trail it is recommended hikers visit iceagetrail.org for current trail conditions, to connect with local volunteers, to join the online conversation and find out how to support the Ice Age Trail Alliance. Trail explorers may want to pick up a copy of the Ice Age Trail Guidebook and Ice Age Trail Atlas for more detailed information.

The Ice Age Trail Alliance loves to hear from hikers. When you finish your trip please let us know how it went! Share your trail story at iceagetrail.org/share-trail-story/. Happy Trails!
