

What Does the Future Hold?

THE FUTURE OF THE ICE AGE TRAIL DEPENDS ON US.

To complete the activity, reflect on the questions and write your responses below.

Imagine the Ice Age Trail five years from now. How do you want the Ice Age Trail to look and function? What about ten years from now? What about fifty years?

The Ice Age Trail depends on volunteers to maintain and protect this important state resource. How will you pledge to take care of the Ice Age Trail? What actions can you take today to honor your pledge?
